

CONSTRUCTION FILM

THE BASICS

Berry's Film-Gard Construction Film is designed to provide protection from weather, dust, debris, and prying eyes. These are ideal as a vapor barrier or drop cloth. This construction film is also made with a portion of recycled content, making it a more sustainable alternative to traditional films.

TECHNICAL DETAILS

Made from a performance blend of Low and Linear Low-Density Polyethylene with a calcium carbonate and recycled content. This film is available in either translucent clear or black, and single wound, center-slit gusset, or center-slit gusset, double-folded construction on rolls with 1.5" or 3" cores.

FILM-GARD® CONSTRUCTION FILM

Made from a performance blend of Low and Linear Low-Density Polyethylene with calcium carbonate and up to 70% or more recycled content. These feature a slit-gusset construction. Available on rolls with 1.5" cores, individually boxed.
