

Products for the Construction & Agriculture Industry

Sourcing packaging for that next big project has never been easier. Our offering includes items aimed at every application and installation. Choose from an array of products designed to provide optimum protection from the elements, like inclement weather, dust, debris, or damaging UV rays. Or opt for increased tear and puncture resistance to withstand rough handling or heavy refuse. Available in an assortment of the most popular sizes and constructions with custom and printed options, too. Reach out for a quote today to get started.

Global construction work done will grow over \$4.2 trillion

over the next 15 years – from US \$9.7 trillion in 2022 to US \$13.9 trillion by 2037

CONSTRUCTION FILM

Berry's Film-Gard Construction Film is designed to provide protection from weather, dust, debris, and prying eyes. These are ideal as a vapor barrier or drop cloth. This construction film is also made with a portion of recycled content, making it a more sustainable alternative to traditional films.

TECHNICAL DETAILS

Made from a performance blend of Low and Linear Low-Density Polyethylene with a calcium carbonate and recycled content. This film is available in either translucent clear or black, and single wound, center-slit gusset, or center-slit gusset, double-folded construction on rolls with 1.5" or 3" cores.

BIN & GAYLORD LINERS

Our Bin & Gaylord Liners/Pallet Covers act as a barrier or liner from dirt, debris, inclement weather and other damaging factors. They may also be utilized to keep contents secure.

- Great for bin and gaylord lining
- Keeps dirt, dust and moisture off equipment
- Perforated on rolls for fast and easy dispensing.

TECHNICAL DETAILS

Made from a performance blend of Low and Linear Low-Density Polyethylene. All sheets are center folded and come perforated on rolls with 3" cores.

PALLET COVERS – UVI/UVA

Our Pallet Covers with UVA/UVI provide protection from the sun's harmful UV rays and other damaging elements, such as dust, dirt, and additional weathering. These are an excellent choice for product in outdoor storage.
